

Creation Museum Botanical Gardens  
Application for Photography/Videography **Four Hour Permit**

The botanical gardens here at the Creation Museum provide a wonderful, picturesque walk for our guests to enjoy as part of their museum experience. The gardens also provide a nice background for wedding pictures and senior pictures. Due to their popularity and keeping our museum guests in mind, all photographers coming to the gardens for the purpose of “commercial” photography or who are not paying guests, must purchase a four-hour photography permit or an annual photography pass from the **Guest Service Information Center**.
