

CREATION
MUSEUM

THE CREATION MUSEUM PRESENTS
A UNIQUE AND UNPARALLELED
EXPERIENCE, A WALK THROUGH
TIME PORTRAYING SIGNIFICANT,
LIFE-ALTERING EVENTS FROM THE
PAST, ILLUMINATING THE EFFECTS OF
BIBLICAL HISTORY ON OUR PRESENT
AND FUTURE WORLD.

*Be prepared to experience history in a
completely unprecedented way.*

The state-of-the-art 60,000 square foot museum brings the pages of the Bible to life, casting its characters and animals in dynamic form, and placing them in familiar settings. Adam and Eve live in the Garden of Eden. Children play and dinosaurs roam near Eden's rivers. The serpent coils cunningly in the Tree of the Knowledge of Good and Evil.

The area within the museum has been cleverly divided, creating unusually configured spaces that allow for personal interaction with each of the 160 exhibits. Several parts of the museum, including the stunning forty-foot-high portico with its rocky cliff wall and floor-to-ceiling glass windows, flaunt open spaces and remarkable designs.

The Creation Museum seizes the imagination, then releases it to roam effortlessly throughout its exhibit halls. Life has been breathed into history.

Walk through the Garden of Eden. Introduce yourself to our chameleons. Examine bones, the clutch of eggs from a dinosaur, an exceptional fossil collection, and a mineral collection. Enter the Cave of Sorrows and see the horrific effects of the Fall of man. Finally, see the sacrificial Lamb on the cross, and the hope of redemption.

The themes of the exhibits resound in the theater presentations: Men in White, Six Days of Creation, The Last Adam, and Dinosaurs and Dragons. Our Special Effects Theater, complete with rumbling seats, rising mists, and sea breezes, takes visitors on a fantastic quest to find the real purpose and meaning of life.

Each seat is a rocket launching pad in our Stargazer's Planetarium. Prepare for lift-off. The Digistar3-SP2 digital projector showcases a spectacular spaceflight, a thrilling 22 minute ride billions of light years away to the vast outer regions of our universe. Breathtaking images and inconceivable distances make this cosmic journey under the dome a fully engaging experience.

See the scaffolding, smell the freshly-cut timbers in the busy work site of Noah's Ark. Delve into the belly of the Ark and imagine the stalls full of animals, in close quarters. Can you hear the sounds of thunderous, driving rains—the pounding of water against the sides of the great Ark?

We provide a safe retreat for the dinosaurs at the Creation Museum. You'll find our big-as-life dinosaurs living, in a sense, in our gardens and sauntering throughout our exhibit halls. Eye-blinking, mouth-chewing, tail-swinging creatures—part of our collection of animatronics—may startle just a few of our guests.

Children will be excited to see the variety of sculpted dinosaurs in our collection, including the stegosaur and the giant Tyrannosaurus rex! They can also sit on our triceratops, named Sarah, to have their picture taken with a dinosaur.

Reserve some time to visit our exquisite gardens and trails.

LIFE BEGAN IN A GARDEN...

Creatures great and small inhabit the three gardens that accentuate the outdoor landscape at the Creation Museum. Turtles rest on the logs in the lake, sunning themselves while a 12-foot topiary dinosaur strikes a fearsome pose in the tropical garden. Bright flowers attract hummingbirds and butterflies to the hillside garden. The bog garden is home to carnivorous plants like the Venus Fly-trap and Pitcher plant. Can you identify the zebra rush and skunk cabbage?

Enjoy a picnic lunch with your family under the shade of our spacious pavilions. Watch your little paleontologists dig in an outdoor discovery area, created just for them.

Over 6,000 plants have been placed within the lake, and 500 varieties of plants fill the gardens, displaying a rich palette of designs, a chaos of colors for guests to explore.

The arching bridges, lakeside dock, and waterfalls are joined with a five-foot-wide paved walkway, just under a mile long, suitable for strollers and wheelchairs.

Noah's Café is a perfect stopping place for guests. Have a sandwich and salad, or a snack with a beverage. For a dramatic view of the museum landscape, step onto the deck made of imported Epay wood.

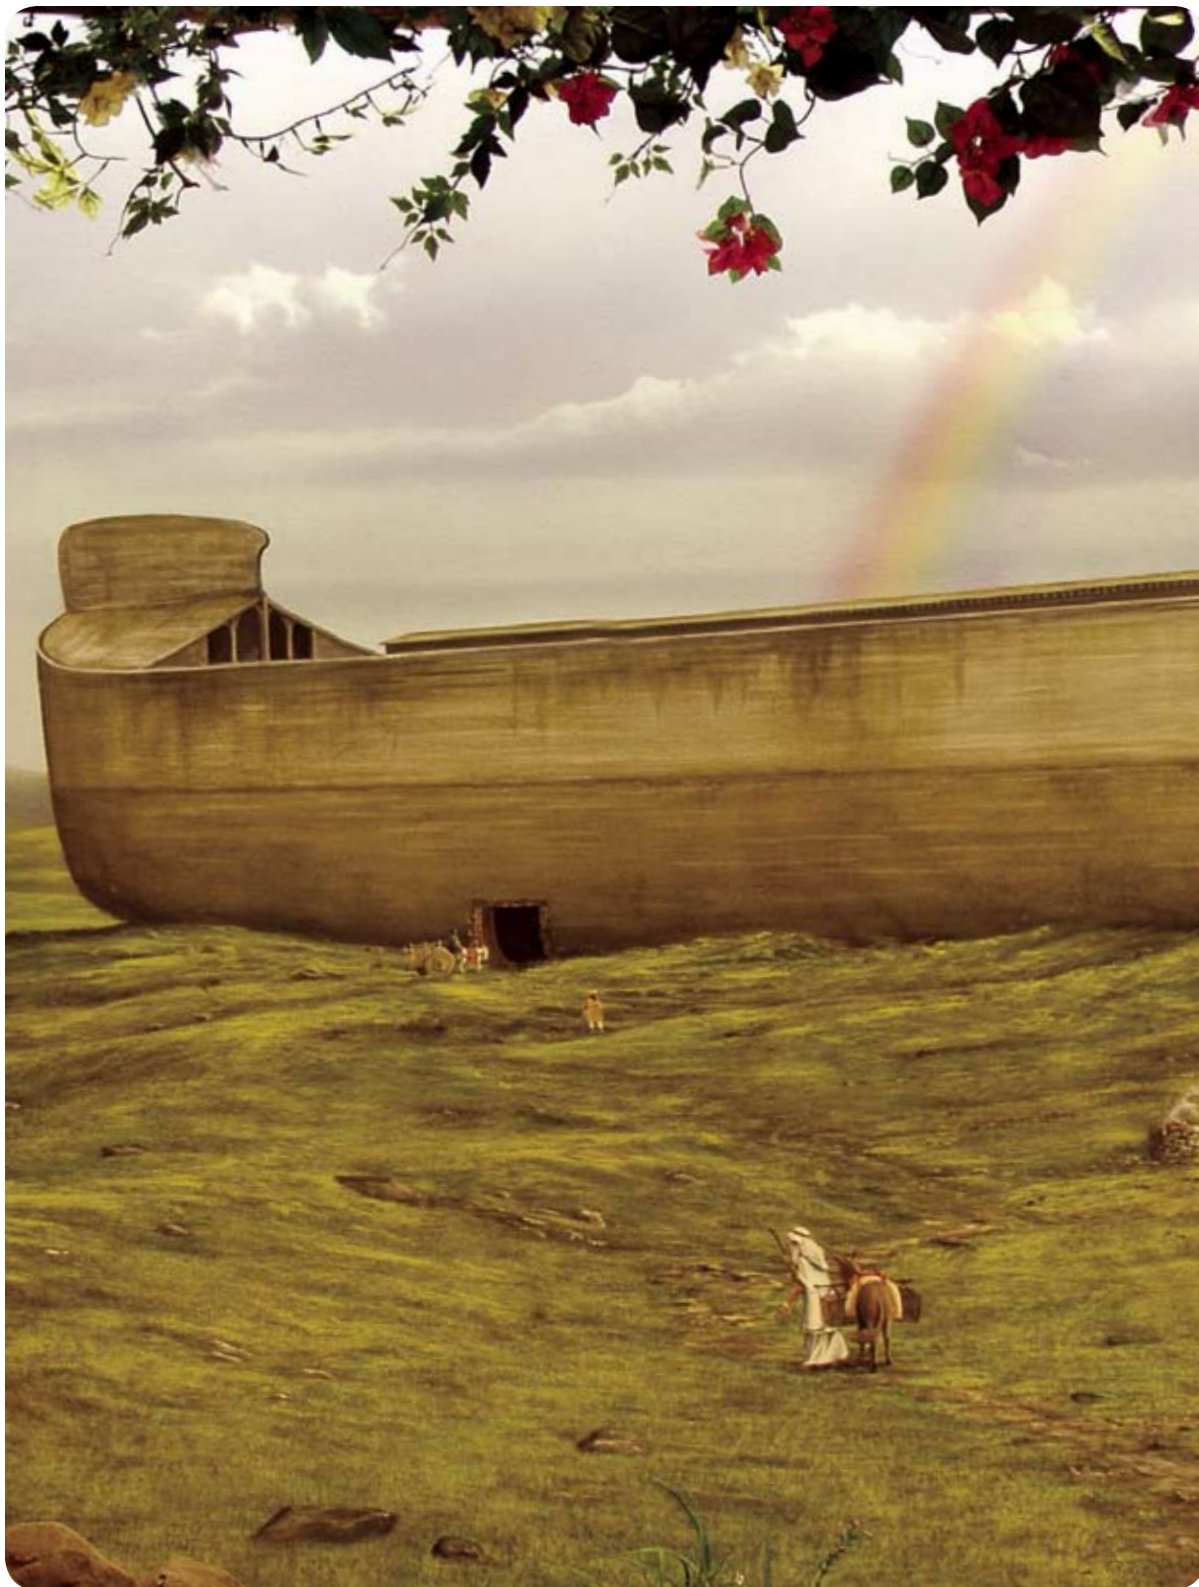

*Browse at your own risk that you **come not between the dragon and his wrath.** While you may not find this portion of Shakespeare within the towering handcrafted bookshelves in the Dragon Hall Bookstore, resources abound. Look for the latest books from Answers in Genesis, videos, gift books, technical books (including Bible dictionaries and reference books), curricula and translations, plus items related to the museum.*

*THE BIBLE SPEAKS FOR ITSELF AT THE CREATION MUSEUM. WE'VE JUST PAVED THE **WAY** TO A GREATER UNDERSTANDING OF THE TENETS OF CREATION AND REDEMPTION. OUR EXHIBIT HALLS ARE GILDED WITH **TRUTH**, OUR GARDENS TEEM WITH THE VISIBLE SIGNS OF **LIFE**.*

WE INVITE YOU TO VISIT THE CREATION MUSEUM. YOUR LIFE MAY CHANGE FOREVER.

KEN HAM

President and CEO

Answers in Genesis

As a child, Ken Ham was taught to defend his faith.

*Ken's father, his hero of the faith, passed down a legacy that Ken, in return, shares with visitors at the Creation Museum. He explains, "We want people to know that there is purpose and meaning in life. There is a God who loves them, and **He is not willing that any should perish**" (II Peter 3:9).*

Over 25 years ago a Creation Museum was first considered, but it wasn't until 1994 that the concept was fully defined and explored. At that time, plans were developed for what would soon become a greatly anticipated and highly significant event in our time.

*For Ken, the purpose of the museum is three-fold. First, it acts as a rallying place, calling people back to the absolute truth of the Bible. It is a place of revival, a starting point for a new reformation. Second, it is a witnessing tool. There will be those who sneer, but some will be challenged to think, and still others may come to believe. And finally, it is a valuable, unprecedented resource for information and education, enabling us to **always be ready to give an answer** (a reasoned, logical defense) **for the hope that is within us** (1 Peter 3:15).*
