

Cursed Plants

Join Ron Dudek as he presents “Cursed Plants— Exploring the Mysterious World of Carnivorous Plants.” Take a look at carnivorous plants and learn about **“Creation gone backwards!”** How do flying creatures get lured into these traps, and why can’t they get out? Is this how God designed them, or has something happened since Day 3 of Creation, when God looked at all created plants and saw that they were good? Learn the answers to these and other questions about **plants that eat creatures.** This is a fascinating journey into a mysterious realm where plants turn predator!
