Bulgarian Booklets Back-up AiG's Message

By Dr Monty White

Knowing the past and the culture of our people and the atheism we were brought up in, we can really see how everybody was taught in terms of evolution. So this ministry is a great help to the church here. Thank you.'

This was the reaction from the pastor of a large church in Varna, on the Black Sea coast of Bulgaria. It was typical of many received during my recent twelve-day tour there, involving ten different venues and a radio interview. It was encouraging to see so many people, including students, travelling to the meetings from all over the country.

Evolutionary indoctrination in Bulgaria assisted the communists in transforming this nation into an atheistic state, giving people no hope in this life or the next. This 'hopeless' teaching is having the same dreadful effect here in the UK, and in many other parts of the world.

However, when the frauds of evolutionary teaching were exposed, and the scientific evidence portrayed from a biblical point of view, they just wanted to know more about the God of the Bible—they saw the matter as being very 'clearcut'. It was a joy to see people turning to the Lord for salvation, and seeing Christians equipped to speak up for the Lord.

As well as ministering in churches, I also had the privilege of speaking at the Bulgarian Academy of Sciences. This message was received so well, that some of the academicians attended an evening church meeting to hear more!

It was exciting that four AiG booklets had been translated into Bulgarian for this trip (right). AiG is very grateful to all those involved in this venture, particularly Darin Ivanov, who arranged for the printing and distribution.

Darin was also my highly capable interpreter (left). These booklets were eagerly devoured by all (right) when given them at the lecture's end. Some held them to their breasts, thanking God for such literature; others were moved to tears. Amazingly, even a non-Christian headmaster at one of the meeting took some of the booklets so that he could introduce creation teaching in his school!

Please pray for this nation—for revival and for protection from the influence of sects, and all that is bad from our western culture.

We are planning another trip to Bulgaria next May, so we are currently working on translating and printing two more booklets, as well

Above: Bulgarian students and others through the book table; **inset:** this man couldn't wait to get home to read his copy.

as *Stones and Bones*. If you would like to help with the financing of this trip and/or the printing of this literature, please mark your gifts 'European Ministry'. Thank you.

'What a great House Party!'

'When are you having the next one?' 'It's been a great weekend!' 'I've learnt so much.' 'I feel as though my faith has been really strengthened.'

These are just a few of the pleasing comments received at the end of our very first House Party. Held just before Easter, people

Philip Bell was one of the speakers at our first-ever House Party, held last April.

travelled from various parts of the UK, as well as from Germany, Luxemburg, and even India.

Such a wonderful response was very encouraging for all the AiG Staff who were present. Don't miss the fellowship and blessing of the next one—18-20 March 2005.

To equip Christians to proclaim the Gospel more effectively in our increasingly secular, evolutionary society, we provide an exciting range of periodicals, books and audiovisuals, as well as speaking ministry.

Reaching the wide world by web

AiG now has websites in 10 different languages, with 6 more nearing completion (Korean, Hungarian, Romanian, Gaelic, Bulgarian and Dutch)! Literally *billions* of people now have access to hundreds of AiG's free articles and Bible-upholding materials, in such com-

mon languages as Chinese, Spanish, French, Russian, German and Italian.

We have also posted more than 130 top-quality, PowerPoint-ready illustrations (see sample below) which can be downloaded *free of charge*. Over 6,000 individuals, representing over 80 countries—from Albania to Zimbabwe—have already registered to use them!

Can you spread the news about our website?

Can you help spread the message?

Has your church or group ever had AiG ministry? If not, perhaps you could talk to your leaders and then let us know. We can take over from that point and arrange the necessary details. It's so easy.

We are now taking bookings for 2004. Please contact Irene on 0116 270 4871 for more information/details, etc.

Creation at your local library

In the past few years, hundreds of AiG supporters have been contacting their local public libraries and their alma maters, offering free AiG books and subscriptions to *Creation* magazine and/or our more in-depth *TJ*.

'We need to influence our colleges one at a time,' says an AiG supporter who recently contacted the library director at his old school. 'It's an easy "sell", especially because of the current emphasis on fairness, equal access, and academic freedom in schools. *Creation* vs evolution is a hot topic on campuses right now—many students have an insatiable curiosity about opposing arguments.'

Discounts for 1-year subs given to libraries! £12 for *Creation*! £20 for *TJ*! Consider offering a subscription to your local Christian school! Call (0116) 270 8400 for details.

Suggested form letter

Dear [name of the library director],
I have enclosed a sample issue of *Creation*

magazine and *TJ* (a technical journal of science), two professional publications that have been produced for over two decades. The organization that produces these magazines has a substantial staff, including respected scientists who offer an alternative viewpoint on modern debates about origins science.

This is a growing national debate, with students and other citizens lining up on both sides of the issue. I believe that patrons of the library would appreciate a high quality resource that allows them to examine alternative viewpoints.

Would it be possible for me to donate a subscription to XXXXX Library, with these magazines displayed in the same place as other science magazines? I will renew the subscriptions each year, as long as I am able.

Please write, or call me at XXX-XXXX, if you would be willing to accept my offer, or if you have any questions.

Sincerely,

AiG videos and DVDs—witnessing just got easier!

Did you know that we recently ‘cut’ the price of our entire range of videos and DVDs? The majority of AiG videos have now been reduced to just £7 each (saving around £3–£5), and the DVDs on our growing list are now only £7 each.

There are even more savings with our multi-pack sets. The digitally mastered, 12-volume series *Answers ... with Ken Ham* has been reduced to just £45 (that’s only £4 per video), and the 3-DVD set has been reduced to £40). This series also comes with a study guide that you are free to copy and hand out as many times as you like, so that folk can really benefit from Ken’s entertaining and informative teaching.

The *Answers* series provides powerful witnessing material as it seeks to answer all of the

‘big questions’ that folk have today, such as, *Why is there death and suffering? Where did the ‘races’ come from? Is there really a God? and Dinosaurs and the Bible.*

James H. was converted after a friend encouraged him to watch the *Answers* series. He wrote, ‘*He gave me the Answers with Ken Ham DVD series to watch, and it was the major step forward in me accepting Christ into my life. My entire life has changed in the span of less than three months. Your ministry is doing beautiful work and I hope and pray that the Lord will continue to bless you in this ministry. Thank you Mr. Ham!*’

See page 25 of our new catalogue, and the last page to order.

Please pray for all of the ministry
