

November 2001

Dear Friends,

As we are now well into our autumn/winter programme of speaking engagements, I thought that I would write to let you know some of the encouraging 'feedback' we have regarding the vital ministry of Answers in Genesis.

I always feel it to be a real privilege to be invited into churches to proclaim the exciting and life-changing message that not only can you trust the Bible from the very first verse, but that you can also trust the God of the Bible and the Lord Jesus Christ, the Author and Sustainer of all things.

Recently, at several meetings in different parts of the UK, I have been thrilled by the number of people who have come up to me and told me of how their lives have been transformed after they have accepted the truth that we are living on a young Earth which was created in six literal days—just like the Bible says. I only wish that I could adequately convey to you the impact this has had upon them. For some it has demolished their arguments for rejecting the Bible together with its message of salvation. They have then realised their need to turn to Jesus, the second Adam, in repentance for their sins inherited from the first Adam.

For others this message has been the means of renewing their faith and trust both in Almighty God and in His Word. One lady I met at a recent meeting told me that for the last twenty years she had really struggled with her Christian faith. Many times she had been tempted to 'give up' following the Lord due to the constant bombardment of the theory of evolution, which was devastating her faith. She thought, many times, that she had no alternative but to 'trust the scientists'. She felt depressed and bewildered. The arguments she heard conveyed in our AiG seminar that weekend had convinced her that 'the scientists' could not be trusted and that the media were deceived and misled into proclaiming falsehoods and untruths. She was thrilled to be reassured that the Bible is indeed true and that she could continue to trust, wholeheartedly, Jesus as her Saviour and Lord.

When you hear of reactions like this, you know, without a shadow of a doubt, that this ministry is very important in this day and age. We are constantly encouraged by those, such as yourself, who support this necessary work both financially as well as, most importantly, in prayer. Please may I urge you to continue to support us, especially as we are very much in the forefront of the battlefield and really do need to be upheld in prayer for the furtherance of the Gospel.

Yours sincerely in Christ,

Dr Monty White
Chief Executive

Upcoming ministry—please pray for us.

Dr Monty White
